

C Street /I-110 Access Ramp Improvements

Agency:

Port of Los Angeles

Role:

Community Outreach

Situation:

- The Port, in conjunction with the California Department of Transportation District 7 (Caltrans), is improving the C Street/ (northbound) I-110 Access Ramp
- Other aspects of the project include:
 - Realigning Harry Bridges Blvd and John S. Gibson Blvd.
 - Combining two existing intersections into one new intersection, connecting Figueroa St., Harry Bridges Blvd., John S. Gibson Blvd., and I-110 on-ramps and southbound off-ramps
 - Removing existing I-110 northbound off-ramp and constructing the new over John S. Gibson Blvd
 - Widening an existing Union Oil undercrossing

Approach:

- Create POLA and Caltrans copies of every document filed and one scan for electronic access
- Maintain sign in sheets, compile notes and prepare meeting minutes at meetings
- Update logs including Submittal, RFI, AIA, RFQ, and correspondence
- Compile and send monthly summaries
